The holidays are an especially hard time when grieving the loss of your loved one. The season renews memories, family ties and traditions. We become painfully aware that our special loved one is no longer present. This is often difficult for families. The pain of the loss is confused with the spirit of the season. “Grief and the Holidays” is a workshop designed to help families who are grieving to better understand the grief process, how it affects us during the holidays and how we can use this special time to continue to heal.
