

HOME IN A WEEK 2018

Home in a week is a Mission Project, where with the help of some pre-building days, an entire home is constructed in a week for a family in need. Canyon Lake UMC is again sponsoring the building of a home for the De La Cruz Family located in the Valley, who were selected with the help of a local social service agency.

CLUMC will be holding a BBQ fundraiser October 29th, to help raise the approximately \$28,000 needed for materials. All are invited to assist with the pre-builds and onsite away team construction to help this family of 4 who are currently living in a small trailer.

Ways you can help:

Be in prayer for the De La Cruz family and for our church as we work to build a home to improve their lives. Help us build if you are physically able. Consider donations of materials or the loan of construction tools, scaffolding, and trailers.

Watch for more info coming soon!
